## WE ARE MOVING TO NEW PREMISES

Unit A, Kelton House  
Corbet Gardens  
Acton W3 8TF

**Our telephone number, email addresses and website are not changing.**

We are delighted to announce that Chiswick Family Practice is moving to large, modern premises in Acton I at the end of March 2022.

We plan to open the doors and start seeing our patients in the new location on **28.03.2022**.

The building's location offers enhanced disabled access and easy access by bus or tube. The new premises will also provide our GP practice with additional clinical rooms, an extended wheelchair-friendly reception area, plus modern facilities with improved technology.

In comparison to our smaller, older building, these much larger premises are also being welcomed by staff. The new premises will also provide us with training facilities and our patient consultation groups will also have the opportunity to meet more easily.

We are excited about our move and will keep updating patients via information in our current reception area, our website <https://www.cfpdrsbbhattandszyszko.nhs.uk/> and through text messages. We have also included answers to some potential queries below.

We would be grateful if all patients can ensure that their contact details (address, email and phone numbers) are up

to date with the surgery so they can be kept informed of future developments.
